### NOTICE OF PROPOSED RULE MAKING

**Adopted: July 25, 2001**

**Released: August 3, 2001**

**Comment Date: September 24, 2001**

**Reply Date: October 9, 2001**

By the Chief, Allocations Branch:

1. Before the Commission for consideration is a multiple docket *Notice of Proposed Rule Making* setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in accordance with the Commission's *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rulemaking*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

**A. MM Docket No. 01-179; RM-10199**

**Petitioner:** Cecil P. Staton  
6316 Peake Road  
Macon, GA 31210

**Proposal:** Allot Channel 242A at Port St. Joe, Florida as the community's second local aural transmission service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Port St. Joe, Florida	228C2	228C2, 242A

**Coordinates:** 29-48-00 NL and 85-17-03 WL

**Additional Information:** Petitioner states that the proposed site is necessary to avoid a shortspacing with WZNS, Ft. Walton Beach, Florida (243C1, with coordinates of 30-24-50 NL and 86-37-40 WL). The proposed allotment requires a site restriction of 2.1 km (1.3 miles) southeast of Port St. Joe at the coordinates indicated above.

Port St. Joe is an incorporated community that serves as the county seat of Gulf County. Petitioner states that Port St. Joe has a population of 4,044 persons.

In compliance with §1.52 of the Commission's rules, petitioner is requested to include with his comments verification that the statements contained in the petition are accurate to the best of his knowledge.<sup>1</sup>

---

<sup>1</sup> Although the petitioner's request includes an affidavit verifying that the statements contained in the petition are accurate to the best of the affiant's knowledge, Section 1.52 of the Commission's Rules requires that the original of any document filed with the Commission by a party not represented by counsel be signed and verified by the party and his/her address stated. In the absence of such verification, the petition may be dismissed. Because the affiant is neither the party in interest nor his attorney, and the petitioning party did not verify the document, the requirements of Section 1.52 have not been met. See *Amendment of Section 73.202(b), Table of Allotments, FM Broadcast Stations (Carmel, Carmel Valley, Hollister and Scotts Valley, California)*, 7 FCC Recd 3056 (M.M.Bur., Pol.Div. 1992). Section 1.401(b) of the Commission's Rules concerning rule making proceedings places petitioners on notice that their proposal must conform with the requirements of Section 1.52 regarding subscription and verification. See also *Amendment of Sections 1.420 and 73.3584 of the Commission's Rules Concerning Abuses of the Commission's Processes*, 5 FCC Recd 3911, 3919, n.41 (1990). The petitioner is requested to rectify this omission in his comments.

Holdenville is an incorporated community that serves as the county seat of Hughes County. Petitioner states that Holdenville has a population exceeding 5,470 persons.

<sup>2</sup> Although the petitioner's request was signed, it failed to include an affidavit verifying that the statements contained in the petition were accurate to the best of the affiant's knowledge. Section 1.52 of the Commission's Rules require that the original of any document filed with the Commission by a party not represented by counsel be signed and verified by the party and his/her address stated. In the absence of such verification, the petition may be dismissed. Section 1.401(b) of the Commission's Rules concerning rule making proceedings places petitioners on notice that their proposal must conform with the requirements of Section 1.52 regarding subscription and verification. *See also Amendment of Sections 1.420 and 73.3584 of the Commission's Rules Concerning Abuses of the Commission's Processes*, 5 FCC Rcd 3911, 3919, n.41 (1990). 5. However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in the particular docket unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. 2. Showings Required. Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached.
